

4 Hour Workshop Colored Pencil on Slate Tile

Saturday, April 22, 2017

9:30 a.m. to 1:30 p.m.

\$55.00

Instructor: Mary Ann Jimenez

Want to try something new? Looking for something fun and creative to do on a Saturday morning? Want to create a unique, handcrafted gift to commemorate something special?

This workshop will enable you to create a beautiful, original colored pencil drawing on a slate tile.

The process is easy: Select a tile from those provided by the instructor. Choose a photo or object from the selection provided or bring your own photo or object to draw. Draw a picture on tracing paper working from the photo. Transfer the drawing to the tile using white chalk. Then complete the drawing using Prismacolor pencils or another brand with a high content of soft wax. The instructor will offer advice and suggestions on how to achieve the color and depth that will make your drawing glow.

If you are supplying your own subject matter it's suggested that you bring several different photos or objects to class. Since every sheet of tile is unique this will make it easier to choose one that works well for the subject.
